

List of quarantine hotels in Vietnam

Vietnam recently extended its quarantine policy from 14 to 21 days for any arrival of foreigners and for those who come into contact with carriers of the Covid.

This decision to extend the quarantine, which came into effect on May 5, aims to better cover the incubation period of new variants, allowing the authorities to optimize the management of the new wave of contaminations in the country.

If you are about to enter Vietnam as an expert or relative of an expert, you must absolutely do quarantine in a hotel designated by the authorities. We have listed for you all the hotels available in HCMV and Hanoi. The price of the quarantine night may range from 1,500,000 VND (65 USD) to 8,000,000 VND (350 USD) depending on the hotel. This price may include meals and transportation between the airport and the hotel.
