THE ORGANIZERS

The Chamber of Commerce and Industry France Vietnam (CCIFV) is the first French-Vietnamese business network. It is a non-profit association that brings together the vast majority of French establishments in Vietnam and many Vietnamese companies that have commercial relations with France.

CCIFV is part of the worldwide network of Chambers of Commerce and Industry France International (CCI France International), which brings together 126 chambers in 96 countries. Since 1989, CCIFV has been providing operational support to companies in their development in Vietnam and in Europe.

The Japanese Business Association of Ho Chi Minh City was established at the end of 1993 for Japanese local companies.

The organization's philosophy is to contribute to the development of the Vietnamese economy and to promote and expand normal economic activities between Japan and Vietnam. Members of the JCCY actively engage in this mission, with the philosophy "JCCY for the members by the members." The organization's core activities are driven by business groups and include regular seminars on investment promotion, taxation, labor, and employment. These events provide members with updates on new laws and opportunities to exchange insights on relevant issues.
