INTERNATIONAL NETWORK

CCI France International worldwide network

124 chambers in **95 countries**

+35 000 member companies

Who are we?

Recognizing the growing global and local emphasis on **Environmental, Social, and Governance (ESG) principles**, we formed this **dedicated group within the CCIFV**. Our aim is to actively contribute to Vietnam's sustainable development journey by **promoting ESG across all sectors**.

The Vietnamese Landscape

ENVIRONMENT

- Rapid economic growth led to many challenges: air and water pollution, waste management limitations, and biodiversity loss.
- Increasing awareness and demand for sustainable solutions and responsible business practices.
- Government initiatives such as promoting renewable energy, urban design and stricter environmental regulations.

SOCIAL

- Demographic shifts: Vietnam's aging population raises concerns about issues like pension sustainability and healthcare access for the elderly.
- Labor market concerns: There are ongoing challenges regarding labor rights, workplace safety, and fair treatment of marginalized groups.
- Social development: Growing emphasis is placed on improving education, healthcare, social welfare systems for all citizens.

GOVERNANCE

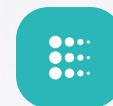

- Anti-corruption efforts: significant steps in recent years to combat corruption, but further progress is needed.
- Corporate governance: fostering transparency, accountability, and ethical leadership is crucial especially to attract FDI and access to green funding.
- Regulatory environment: efforts are required to streamline and modernize regulations to promote sustainable practices.

What to expect?

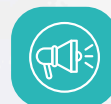

Keep up to date

Join our **quarterly events** to learn about ESG regulation. **Expert talks and peer sharing.** Latest sustainable trends and best practices.

Cross-sector dynamic

Our events are organized in collaboration with all sector committees of CCIFV. We tackle the challenges of diverse stakeholders and look to bring out collective solutions.

Share about your impact

We share your sustainable initiatives to our community and on our social media. Showcase your success stories and share your learnings.

Innovation

Do good and stay ahead.

Each **quarterly event** is followed by a **design thinking based workshop**, to help you go from a challenge to a solution.

Some of our events

*ESG Task Force and CCIFV's HR committee
Women Rights International Day (2024)*

CCIFV Forest Planting Day
August 2023

ESG Masterclass
Integrating Sustainability into your business

Why join us?

- ✓ Access our exclusive events, workshops and communication channels.
- ✓ Be part of a thriving community to share, learn and define actionable transitions for your organization
- ✓ Be a motor of change by starting your sustainable business transition
- ✓ Gain reputation and support your marketing activities by developing your ESG strategy and part of the ESG Task Force.

MEMBERSHIP CONDITION: BE A CCIFV MEMBER.

BECOME A VOLUNTEER

Join the task force and...
... support event organization
... manage community engagement
... or develop projects and launch new content to bring even more value to our members.

We look forward to welcoming you!

Our communication

Presence on Social Media

- We feature our members activities and ESG initiatives
- Spread our ESG Task Force activities
- Share information, events, knowledge on ESG Topics
